

Squiggles & Romeo have 6 tiny baby girls. They are doing well although are on the small side for their age. They were born Jan. 10th & will be ready to go to their new home on March 14th. This will be Squiggles last litter. She will be spayed and live the good life here with us on the farm. She has given us some of the most beautiful Black & Silvers puppies with the sweetest happy personalities ever. For this we give her much thanks and a lifetime of doggy treats!
