

Squiggles & Romeo have 6 tiny baby girls. They where born Jan. 10th & will be ready to go to there new home on March 14th. This will be Squiggles last litter. She will be spayed and live the good life here with us on the farm. She has given us some of the most beautiful Black & Silver puppies with the sweetest happy personalities ever. For this we give her much thanks and a lifetime of doggy treats! Shawna will be staying here to take her mommas place. Vet checks showed pups are perfectly healthy!

These are very happy pups that are super people oriented.

Shayla & Sherri have found there forever home.

Shianne is a picky one and is still searching for the perfect snuggling spot to call her own!!
