

# Strawberry Junction Puppies

## Health & Genetic guarantee

Welcome to our family and congratulations on the purchase of your new best friend! It is our goal to raise happy healthy puppies to make dreams come true for families like you!

Our vet has carefully inspected the above pup and has found him/her to be free of any defects and to be in good health, unless otherwise stated. This puppy goes home with a 2 week health guarantee in that time period he/she should be seen by your vet. If he should find any issue that is of concern to him please let us know. If the puppy is found with a defect or be in ill health in which the seller is clearly to blame the puppy may be returned with a signed diagnosis from the vet, for a refund of the purchase price or another puppy. Seller assumes absolutely no responsibility for fees associated to the puppy. Worms and parasites are a common battle he/she has been treated and is up to date on vaccines, but the stress of going to there new home can cause these numbers to rise. A normal thing that is easily dealt with. We do not guarantee against coccidia, giardia, parvo or kennel cough they have been treated and vaccinated.

If at some point you can no longer care for your puppy and no family or friends will take him we would gladly take him back ( no refund will be given), under no circumstance do we want our puppies homeless or in shelters.

There is no guarantee on size, color or temperament the most we can do is tell you about the parents.

The puppy is guaranteed to be free of any known genetic guarantee or disease for 3 years from the date of sale. In case of death of the pup, buyer must provide documentation of an autopsy provided by a licensed vet.

Please love him and take good care of him we love our puppies and want them to be happy, healthy and have a great life!

If you are unhappy with your pup please let us know, if you are happy with your puppy please leave a review on the site you found your puppy. Good day and God Bless!!
